- 40 lines per inch checker rear slide
- Solid medium trigger
- High polish Turnbull blue complete pistol
- Challis bushings
- Cocobolo starburst grips with Wilson Combat medallion

### Bullet Proof®

Bullet Proof® parts are CNC machined from solid steel billets and precisely engineered for an absolutely perfect fit. No cheap casQngs or inferior, imported injecQon molded parts will ever wear the Bullet Proof® name.

### Turnbull blue

Very similar to the original bluing method of firearm finishing used by Colt.

The firearm has been polished and then blued. The flats are almost mirror polished.

The color really depends from the lighQng. Under a moderate natural sunlight, it's a light shiny grey-blue. At evening under arQficial light, it's a dark grey.
